Parent Comments

\* Not being able to stick to agreed times for Parents' evening is unfair. Particular when I have 2 children to take around the school. Teachers need to use timers on their desks. I have had to miss several discussions due to poor timekeeping.

\*Maths 30 mins behind, we had to come away.

Thank you for your feedback. We are sorry that you missed discussions. We endeavour to speak to all parents/carers, however, appreciate that some conversations can take longer than others unexpectedly. There is always a list in the foyer that can be used to request a call back from any teachers whom parents/carers have not had the opportunity to speak to on the evening. Please contact the academy, should you feel that you still need to speak to a member of staff.

**\* Careers advice needs to be reviewed. Very confusing and has not been helpful.**

We strive to provide the best support for our students, it is imperative that the careers advice offered is clear, comprehensive and beneficial. Please contact Miss Jacklin, Careers Lead at the Academy to provide your input and suggestions as to the advice that was given to you/your child at parents evening. Thank you for your feedback.

**Please note where individual students and / or staff can be identified from the comments these have not been published. Where comments are inappropriate and / or confusing they have not been published. All comments have been discussed with Senior Leaders at the Academy as well as Governing Body members.**
