

Year 10

End of Year Assessments

Friday 23rd June 2023 – Wednesday 5th July 2023

Timetable and Topic Lists

Year 10 End of Year Assessments
Friday 23rd June 2023 – Wednesday 5th July 2023

Date	AM 09.10		PM 1.00pm	
Friday 23 rd June	English Papers 1&2	2 x 50	Construction	1h 30
Monday 26 th June	Maths Paper 1	1h 30	History Paper 1	1h 15
Tuesday 27 th June	Biology	1h 15 & 1h 45	Food/ Hospitality & Catering <i>(1:30pm start)</i>	1h
Wednesday 28 th June	English Paper 3	2h 15	Maths Paper 2	1h 30
Thursday 29 th June	Chemistry	1h 15 & 1h 45	Geography	1h 30
Friday 30 th June	Spanish Listening & Reading	1h 45	Business	1h 30
Monday 3 rd July				
Tuesday 4 th July	Physics	1h 15 & 1h 45	History Paper 2	55m
Wednesday 5 th July	Maths Paper 3	1h 30	Spanish Writing	1h 20

All assessments will take place in the main exam venues. For the majority of people this will be in the main gym.

If you have access arrangements you may complete assessments in a separate venue – this is so that we can ensure that you get the access arrangements you are entitled too.

Mrs Lowry (*Exams Officer*) will provide each student with a seating list a week before the start of the assessments.

**The topic list for your assessments can be found on the remaining pages in the booklet.
Your subject teachers will also give you further information in your lessons.**

Please note not all subjects will have an assessment.

Subject	English language Papers 1 & 2
Date and Time of Assessment	Friday 23 rd June 2023 9.10am
Assessment Topic List	
Paper 1 (50 mins) Creative writing	Paper 2 (50 mins) Point of View writing

Subject	Construction
Date and Time of Assessment	Friday 23 rd June 2023 1:30pm
Assessment Topic List	
Constructing the built environment.	

Subject	Maths Paper 1																																																																																																																														
Date and Time of Assessment	Monday 26 th June 9:10am

Topic	Maths Watch Video Clip																																																																																																																														
Number																																																																																																																															
Place Value	Clip 1																																																																																																																														
Dividing Integers	Clip 20																																																																																																																														
Factors, Multiples & Primes	Clip 28																																																																																																																														
Value for Money	Clip 41																																																																																																																														
Product of Primes	Clip 78																																																																																																																														
Standard Form	Clip 83																																																																																																																														
Estimating Answers	Clip 91																																																																																																																														
Reverse Percentage Problems	Clip 110																																																																																																																														
Decimals & Fractions	Clip 84																																																																																																																														
Algebra																																																																																																																															
Simplifying – addition and subtraction	Clip 33																																																																																																																														
Straight Line Graphs	Clip 96																																																																																																																														
Generating sequence from nth term	Clip 102																																																																																																																														
Solving Linear Inequalities	Clip 139																																																																																																																														
Inequalities on a number line	Clip 138																																																																																																																														
Ratio & Proportion																																																																																																																															
Ratio	Clip 106/38																																																																																																																														
Distance –Time Graphs	Clip 143																																																																																																																														
Metric Conversions	Clip 112																																																																																																																														
Compound Units	Clip 142																																																																																																																														
Geometry																																																																																																																															
Enlargement	Clip 148																																																																																																																														
Angle sum of Polygons	Clip 123																																																																																																																														
Area of Triangle	Clip 54																																																																																																																														
	Clip 183																																																																																																																														
Probability & Statistics																																																																																																																															
Averages from a Table	Clip 130a																																																																																																																														
Tally Charts and Bar Charts	Clip 15																																																																																																																														
Estimate for the Mean	Clip 130b																																																																																																																														
Frequency Polygons	Clip 65b																																																																																																																														
Tree Diagrams	Clip 151																																																																																																																														
Topic	MathsWatch Video Clip																																																																																																																														
Number																																																																																																																															
Standard Form	Clip 83																																																																																																																														
Reverse Percentage Problems	Clip 110																																																																																																																														
Estimating Answers	Clip 91																																																																																																																														
Surds	Clip 207c																																																																																																																														
Recurring Decimals - Proof	Clip 189																																																																																																																														
Fractional Indices & Change of Base	Clip 188																																																																																																																														
Percentage Change	Clip 109																																																																																																																														
Algebra																																																																																																																															
Expanding & Simplifying – Double Brackets	Clip 134b																																																																																																																														
Forming Formulae & Equations	Clip 137																																																																																																																														
Inequalities on a Number Line	Clip 138																																																																																																																														
Solving Linear Inequalities	Clip 139																																																																																																																														
Reciprocal Graphs	Clip 161																																																																																																																														
Solving Quadratic Inequalities	Clip 212																																																																																																																														
Algebraic Proof	Clip 193																																																																																																																														
Linear Simultaneous Equations	Clip 162																																																																																																																														
Rearranging Simple Formulae	Clip 136																																																																																																																														
Ratio & Proportion																																																																																																																															
Sharing Using Ratio	Clip 106																																																																																																																														
Direct & Inverse Proportion	Clip 199																																																																																																																														
Compound Units	Clip 142																																																																																																																														
Geometry																																																																																																																															
Area of a Triangle	Clip 54																																																																																																																														
Sectors of a Circle	Clip 167																																																																																																																														
Enlargement – Negative SF	Clip 181a																																																																																																																														
Circle Theorems	Clip 183																																																																																																																														
Probability & Statistics																																																																																																																															
And & OR Probability	Clip 204																																																																																																																														

Subject	History Paper 1
Date and Time of Assessment	Monday 26 th June 2023 1:00pm
Assessment Topic List	
<ul style="list-style-type: none"> • Accommodation in Whitechapel – Eg: Lodging houses • Police methods used to catch the Ripper and failure to catch him. • Use of prisons 1700-present • Crime of theft in the modern period • Role of religion – Gunpowder Plot, Reformation • Vagabondage • Smuggling 	

Subject	Biology
Date and Time of Assessment	Tuesday 27 th June 2023 9:10am
Assessment Topic List	
Biology Combined Cell structure, Transport in Cells, Communicable Diseases, Non Communicable Diseases, Plant Structure	
Biology Triple Cell structure, Transport in Cells, Communicable Diseases, Non Communicable Diseases, Plant Structure, Monoclonal Antibodies, Plant hormones, Animals, tissues, organs and organ system, Adaptations	

Subject	Food
Date and Time of Assessment	Tuesday 27 th June 2023 1:30pm
Assessment Topic List	
Nutrition – macro and micro nutrients, healthy eating guidelines Special diets Eggs, meat and fish Food provenance Food choice. Remember to use Seneca to help with your revision.	

Subject	Hospitality and Catering
Date and Time of Assessment	Tuesday 27 th June 2023 1:30pm
Assessment Topic List	
Food safety and hygiene, HACCP and risk assessment Food poisoning Types of establishments – commercial and non commercial Kitchen equipment and job roles Special diets Role of the EHO Use this website to help you with revision: https://www.bbc.co.uk/bitesize/subjects/zbtvxyc	

Subject	English literature Paper 3
Date and Time of Assessment	Wednesday 28 th June 2023 9:10am 2 hrs 15 mins
Assessment Topic List	
A Christmas Carol An Inspector Calls Poetry Anthology (Power and Conflict)	

Subject	Mathematics Paper 2 (Calculator)																																																																																																															
Date and Time of Assessment	Wednesday 28 th June 2023 9.10am																																																																																																															
Assessment Topic List																																																																																																																
Foundation	Higher

Subject	Chemistry	
Date and Time of Assessment	Thursday 29 th June 2023 9:10am	
Assessment Topic List		
Chemistry Combined		
Fundamental Idea, Chemical Analysis, Reactivity of Metals, Organic Chemistry		
Chemistry Triple		
Higher: Fundamental Ideas, Chemical Analysis, Reactivity of Metals, The Periodic Table, Structure and Bonding		
Foundation: Fundamental Ideas, Chemical Analysis, Reactivity of Metals, Organic chemistry, Structure and Bonding, Acids and Alkalis, Rates of reaction		

Subject	Geography	
Date and Time of Assessment	Thursday 29 th June 2023 1pm	
Assessment Topic List		
<p>Natural Hazards</p> <p>Urban Issues and challenges</p> <p>Sheffield fieldwork</p> <p>Coast</p> <p>Living World</p>		

Subject	Spanish	
Date and Time of Assessment	Friday 30 th June 2023 9:10am	
Assessment Topic List		
Listening	Reading	
All content covered to date in Y10.	All content covered to date in Y10.	

Subject	Business	
Date and Time of Assessment	Friday 30 th June 2023 1pm	
Assessment Topic List		
<u>Paper 1 – Business activity, Marketing, Human resources</u>		
Unit 1:		
1.1 The role of business enterprise and entrepreneurship		
1.2 Business planning		
1.3 Business ownership		
1.4 Aims and objectives		
1.5 Stakeholders in business		
1.6 Business growth		
Unit 2:		
2.1 The role of marketing		
2.2 Market research		
2.3 Market segmentation		
2.4 The marketing mix		
Unit 3:		
3.1 The role of human resources		
3.2 Organisational structures and different ways of working		
3.3 Communication in business		
3.4 Recruitment and selection		
3.5 Motivation and retention		
3.6 Training and development		
3.7 Employment law		
Assessment of:		
<ul style="list-style-type: none"> • AO1 – Knowledge and Understanding • AO2 – Application • AO3 – Analysis and evaluation 		

Subject	Physics	
Date and Time of Assessment	Tuesday 4 th July 2023 9:10am	
Assessment Topic List		
Physics Combined		
Energy and Forces		
Physics Triple		
Energy and Forces		

Subject	History Paper 2	
Date and Time of Assessment	Tuesday 4 th July 2023	1:00pm
Assessment Topic List		
<ul style="list-style-type: none"> • The Gold Rush • Indian Wars – Little Crow, Red Cloud and Sand Creek Massacre • Indian belief about land and nature • Timber Culture Act • Johnson County War 		

Subject	Mathematics Paper 3 (Calculator)
